VEGAN • MINIMAL SULFITES

Franc is the perfect example of what we do best at Field Recordings: rustic yet refreshing table wines that please your entire dinner party. We hope this wine brings you back to fond memories of traveling abroad and sharing an epic meal with new friends.

Our Cabernet Franc comes from low lying, sandy river bottom vineyards in Paso Robles. Fermented with the clusters intact to bring out more fruit and spice in the final wine. Aged entirely in our large American oak casks to soften the edges and maintain freshness. A Field Recordings classic for over 10 years.
