ROOTS DIVINO

ROOTS DIVINO BLANCO VERMOUTH NON-ALCOHOLIC

LESBOS ISLAND • GREECE • EUROPE

TECHNICAL DETAILS

We first produce a mediterranean vermouth by infusing & macerating wormwood, rosemary, gentian & other greek herbs into sweetened wine and then dealcoholize it with a reverse osmosis process.

TASTING NOTES

The only wine based (di vino) zero proof vermouths. Made on the greek island of Lesbos, using bitter oranges, wormwood, thyme, rosemary and other greek herbs. The halo shape on the label symbolizes the “divine” effect of enjoying a drinking occasion without the alcohol. Going back to the roots of ancient herbal remedies, we rediscover rosemary, thyme & wormwood in a fresh & sour contemporary “bianco” vermouth from Greece.
